

# **Romans? Egyptians? Dead! "Us" Jews? Alive "Forever", Goy!!**

**-by High Priest Hooded Cobra 666**

Let's Let the Video Talk for Itself. Aside anything else.

Bear in mind the jews are liars and they have strict laws about not talking in public. Yet...They will openly do this.

Then, add this one. Jew's jewing it, in the end they just say it laughingly into your face. You are a Goyim Animal and you serve them.

They want to keep their Race pure, while they Race Mix you to extinction. This way, you will be powerless to resist and the powerful Races that once opposed them, will all be blown away. Now and for all Eternity.

Then read something too. They also of course brag about how they survived over all others, destroying their religion and cultures, which is what Social and Cultural Marxism and Xianity is supposed to do. Break the root of all our Gentile Cultures and heritage, replacing it with murderous Jewish Filth. Therefore, they of course made up Xianity, Pisslam and Jewdaism, which killed all their opposition, by wearing them down and giving them total occult control and mental control of the populace, which in turn replaced "god" with jews.

Also, they bragged about how they went to enslave and destroy their oppressors by Magickal means, but also, deception and their institutions. Such as Xianity, which is just a substitute of a religion for the Stupid Goyim who don't have their own Culture and have lost their Pagan Roots. Therefore, they are poweless slaves. And as the jew above says, they are just "Goyim" and are made to serve them. Which they do already, of course.

***"Two thousand years ago there were Jews just like there are today.***

***Two thousand years ago there were Romans, Babylonians and Medians. Today the Jews are still here, but when did you last meet a Roman, Babylonian or Median? Maybe you have met their descendants who have changed their nationalities, cultures and religions, but these people are not practicing Romans, Babylonians or Medians! No, Babylon, Rome and Media are dead. Their cultures which once ruled the earth are gone. Nothing remains of them except notations in history books and ruins at archeological digs. Yet, one of their contemporaries has survived intact, with the same culture, law, land, language, religion and traditions. That's us: the Jewish people."***

Now, for fools believing Xianity is the salvation. Yes, its the salvation of the jews, over the Goyim. Of course, opening the jewish bible, and studying, all your doubts would go about this. It talks for itself. Yet...There are still uneducated people who choose to remain slaves and idiots. For them, they can just study the basics. Or spare the world of their stupid existence, or just wake up, or keep serving the jews consciously, subconsciously and unconsciously, forever. No matter the choice, the effects of such remain forever.

Now, since the fools accepted the above as their "leaders", then, you can only expect they lead their politics too. What they want done about these are fairly simple.

Its called Communism, Liberalism and hijacked "Democracy". Any opposing idea is a reason to be killed, imprisoned, punished and tortured. The same is always apparent, the Goyim are being ruled in a slave-like manner at the bottom.

Now, all of the above, after all they say and do, they whine and cry about the "6 Trillion". Do you believe them? Do you think people with such aims and such methodical plans to outwipe all other Gentile Races, are doing this just because its the "truth"?

All the above should lead someone to a decision. Either to serve jews and move back to their little box, or revolt and fight about this unjust and slaver future the jews have in store for Humanity, all people and Races.

**Hero, or Zero. This is what you are to become.**

Deciding to give up their jews, disobey them as your masters for all Eternity, save the world from their plans and resist them in the Spiritual, Ideological sphere, then...This is the website for you:

**<http://www.JoyofSatan.Org>**

There are also countless other websites, a library with hundreds of books to prove what we state, countless sermons etc. Knowledge that is forbidden and would never have to make it to the masses, who are enslaved under this slaver order.

Joy of Satan is the Spiritual guide to our Species Survival, the resistance to the plans of Jewish World Enslavement.

If one chooses otherwise...

Congratulations!

You are such a slave that nothing can be done about you. Purely, you are the manifestation of what the jews manifested. Now, back to your little pet box and spare us of your petty existence.
